**To:** [Davis, May M. EOP/WHO](#)  
**Subject:** Final Monument Report  
**Date:** Monday, October 23, 2017 8:08:50 PM  
**Attachments:** [FINAL CLEAN DRAFT REPORT EO 13792 10-23-17.docx](#)

---

May-

You mentioned you would like to see the final coming over one more time before the Secretary signs. It is attached. Could you do a 24 hour circulation for glaring show-stopper type issues? The Secretary is ready to submit his report as is.

Thanks.

The figure consists of a 10x10 grid of black bars on a white background. The bars are arranged in a pattern where they are longer in the first and last columns and shorter in the middle columns. The grid is bounded by a thick black border. The bars are positioned such that they overlap slightly, creating a stepped effect. The overall pattern is a grid of black bars with varying widths, creating a visual effect of depth or perspective.

The figure is a 3D bar chart with a complex, multi-layered structure. The Y-axis represents the number of clusters (C), ranging from 1 to 100. The X-axis represents the number of nodes (N), with values 10, 20, 30, 40, 50, 60, 70, 80, 90, 100. The Z-axis represents the number of edges (M), with values 10, 20, 30, 40, 50, 60, 70, 80, 90, 100, 110, 120, 130, 140, 150, 160, 170, 180, 190, 200, 210, 220, 230, 240, 250, 260, 270, 280, 290, 300, 310, 320, 330, 340, 350, 360, 370, 380, 390, 400, 410, 420, 430, 440, 450, 460, 470, 480, 490, 500, 510, 520, 530, 540, 550, 560, 570, 580, 590, 600, 610, 620, 630, 640, 650, 660, 670, 680, 690, 700, 710, 720, 730, 740, 750, 760, 770, 780, 790, 800, 810, 820, 830, 840, 850, 860, 870, 880, 890, 900, 910, 920, 930, 940, 950, 960, 970, 980, 990, 1000. The bars are primarily black, with many white bars interspersed, particularly in the upper layers. The structure is highly symmetric and intricate, suggesting a specific underlying mathematical or physical rule governing the distribution of nodes and edges across clusters.

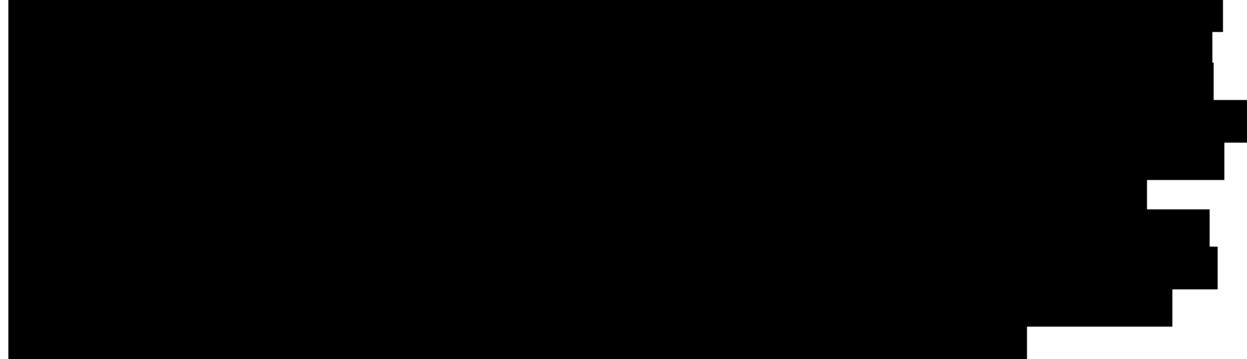

The figure consists of a 10x10 grid of black and white bars. The bars are arranged in a pattern where most are black, with white bars appearing in the 2nd, 4th, 6th, and 8th columns. The white bars are of varying lengths, with the longest being in the 2nd column and the shortest in the 8th column. The grid is bounded by a thick black border.
